Campo

The wild landscape orchards and flourishing gardens that extend throughout Portugal have inspired our creation.

CAMPO is a cyclical but careful harvest of nature's elements that explode into several forms, colours and aromas.

Its essence lies in the season's weather, the earth's values and a flowers' whole lifespan. The result is a collection pampered by senses, made of cleaner days and perfumed bouquets.

Flor dos Poemas

In a country of poets, country flowers are their muses. Celebrated with verses and sonnets, they spread around Portugal spontaneous beauty, so intense and simple. Within this inspiring scenery, the violet blue is the POEM'S FLOWERS. With sweet and wooden notes of the violet flower's perceptible perfumed floral bouquet, this line rescues energy from fields.

RSPO certification mirrors Real Saboaria's care in the selection of its raw materials and how committed to supporting the sustainable production of palm oil worldwide the company is.
